Copy of a telegram No. 67 dated the 11th January 1921 from the Superintendent, Southern Circle, Survey of India, Bangalore to the Surveyor General of India, Calcutta.

"Reference Mysore South Kanara Boundary Donaghey has discussed procedure with representatives of both sides country difficult and locally intricate and densely wooded boundary in disputed areas will require survey in detail and chain measurements existing marks appear to be locally too far apart and if any are missing they will have to be located and replaced and new subsidiary marks added where essential. Please wire sanction of Government for deputation in addition to Donaghey of Surveyor Mokam Chand from Six Party and peons three tindals or chainmen three and other khalasis eight total surveyor one menials fourteen. Donaghey will take theodolite and do any traversing or triangulation absolutely necessary but will use original boundary maps wherever this is possible and the boundary follows natural features or watersheds not open to dispute and only carry out new surveys where absolutely necessary. This arrangement would permit representatives of Mysore and South Kanara to curtail their own survey staff and only take one or two men familiar with the land records and estate boundaries as locally required. Arrangements are being made as above described in anticipation of sanction and estimates will be submitted of the probable cost of the boundary dilimitation towards the end of the present month. Subject.-Establishment for the Mysore South Kanara Boundary Settlement.

Reference.-G.O. No. Press 8, (Revenue Department), dated the 3rd January 1921.

1. A copy of the above quoted reference has been forwarded to me by the Superintendent, Southern Circle, Survey of India, under his No. 48 dated the 8th January 1921.

2. In para. 3 of the "Order" issued in the document under reference, the Madras Government have sanctioned the employment of the following establishment under the special officer:-

One surveyor	on Rs.	60/-	per mensem.
" clerk	" "	50/-	"
Two peons	" "	12/-	"
Four coolies or peons	on "	12/-	"

3.

3. It is not clear whether by the "Special Officer" mentioned in para. 2 above, is meant the Madras Government representative (M.R.Ry, K. Raman Nair Avargal) and the establishment (see para. 2 above) has been sanctioned solely for him? and whether -/it is then understood that I should arrange for my own separate establishment?

4. But as I am inclined to think that the "Special Officer" (mentioned in para. 2 above) might possibly mean myself (the Survey of India representative), and hence the establishment (para. 2 above) already sanctioned by the Madras Government would be intended both for the Madras Government representative (M.R.Ry. K. Raman Nair Avargal) and for myself,- I am therefore desirous of clearing up this point and would like to observe as follows:— It is I consider essential that the establishment employed by me should as far as possible be composed of trained men deputed from the Survey of India,- I have therefore, (assuming that there will be no difficulty in obtaining the sanction of the Madras Government to my proposals), requested the Superintendent, Southern Circle, Survey of India, to obtain the necessary sanction from the Surveyor General of India for the employment of a Survey of India establishment (as mentioned below) on deputation under me.-

One 1st class surveyor
Three peons.
Eleven menials or khalasis.

The pay etc., of the above establishment can only be intimated by me as soon as I know the names of the available men whose services will be placed at my disposal.

5 Besides the survey establishment as proposed by me in para. 4 above, it is I think necessary to allow for a small establishment for the Madras Government representative (M.R.Ry. K.Raman Nair Avargal) and

this establishment I would propose being as follows:-

One clerk on Rs. 50/- per mensem.
Two peons " " 12/- "
Four coolies " 12/- "

The services of this clerk would also be utilised by myself.

It is in my opinion not absolutely necessary to employ a separate surveyor for the Madras Government representative.

6. To sum up my proposals as set forth in paras. 4 and 5 above,- the total establishment necessary for the Madras Government representative(M.R.Ry. K. Raman Nair Avargal) and the Survey of India Officer (myself) is as follows:-

*One 1st class surveyor.
One clerk on Rs. 50/- per mensem.
*Three peons.
Two peons on Rs. 12/- per mensem.
*Eleven menials or khalasis.
Four coolies or peons on Rs. 12/- per mensem.

*To be obtained on deputation from the Survey of India and pay etc., intimated when names of men are available.

7. I would in conclusion request that the early sanction of the Madras Government to the employment of the establishment as detailed in para. 6 above may kindly be obtained and intimation of the same be sent me by telegram.

Letter from R. H. Ellis Esq., I.C.S., Collector of South Kanara.

R.O.C.No.746/Sup.20

Dated the 24th January 1921.

Reference.

On the recommendation of the Board, Government in their Order No. 8 Press, dated 3rd January 1921 sanctioned the entertainment of 2 peons on Rs.12 each and 4 coolies or peons on Rs.12 each, a month in connection with the Settlement and demarcation of the boundary between Mysore and South Kanara and stated that they were ineligible for the temporary increase of pay sancti ned in G.O.No. 700

not [illegible] Financial,

Financial, dated 2nd August 1920 and G.O. No. 780 Financial, dated 28th August 1920.

2. The Collector of South Kanara brings to notice that considerable difficulty is experienced in the recruitment of peons for the work on the ghats on a pay of Rs.12 per mensem. He points out that peons on the plains now get Rs.12 a month and unless sufficient inducement in the shape of higher pay is held out, men of the right sort cannot be secured. Mr. Ellis therefore strongly recommends that the pay of the peons should be fixed at Rs.15 a month and that the whole establishment sanctioned in the G.O. quoted above should be allowed to draw Travelling Allowance including daily allowance at double the ordinary South Kanara rates. Travelling allowance at double rates has been allowed in G.O. No. 3114 Revenue, dated 18th October 1911 for similar work. In the circumstances stated above the Board requests that Government will be pleased to accord their sanction to the Collector's proposals.

3. In their Memorandum No. 52 E/21-1 Revenue, dated 21st January 1921, Government have cancelled the sanction conveyed in paragraph 3 of G.O. No. 8 Revenue, dated 3rd January 1921 to the employment of a Surveyor on Rs.60 a month. With reference to this order, the Collector of South Kanara requests that sanction may be accorded to the employment of four peons instead of two peons and four coolies or peons, as he considers that four peons are absolutely necessary for the Special Deputy Collector in view of the peculiar nature of the work. The Board supports the Collector's request.

SIR,

Page 25 above

With reference to endorsement No.396/E-21-1/10, dated the 2r June 1921, forwarding for remarks copy of letter No.155, dated th 1st March 1921 from the Survey of India Officer in charge of th Mysore-South Kanara boundary, I have the honour to state that, Mr.Donaghey is still attached to the Survey of India, the sanction of Government of India in the Department of Revenue and Agriculture under article 1139 Civil Service Regulations would be necessary for the grant to him of Daily Allowance and milea at double the usual rates while actually employed in the Mysor South Kanara boundry. As Mr.Donaghey is under the audit contr of the Accountant-General, Central Revenues, the latter Officer may also be consulted. As stated by Mr.Donaghey in para 2 of hi letter the District Forest Officer South Kanara, while engaged

1919-20 and the

on the inspection of the boundary between Mysore and South Kanara, draws Daily Allowance at Rs.10 a day and mileage at 1Re. a mile-Vide rules 1(e) and 2 (d) under article 1140 Madras Supplement to Civil Service Regulations.

Dated, Fort St. George the 4th August 1921.

In continuation of Mr. Brown's letter dated 9th May 1921 forwarding a copy of G.O.No.1036, dated 9th May 1921, regarding the temporary abandonment of the work of the settlement of the Mysore-South Kanara boundary, I am directed to address the Government of India on the subject of the pro- to Mr. Donaghey, the Survey of India Officer for the settlement of the dispute, of increased daily allowance and mileage

2. In their telegram No.1081, dated 24th November 1920 the Government of India sanctioned the deputation of Mr. Donaghey for the settlement of the Mysore-South Kanara boundary. He entered upon his duties on 4-1-1921. He is a first class officer and is entitled to draw a daily allow-

of Rs.7-8-0 and mileage at the rate of Re.1 with tents and 12 annas without tents. Mr.Donaghey requests that while employed on the Mysore-South Kanara boundary he may be permitted to draw daily allowance and mileage at double the ordinary rates. As the work on which he is employed is along the top of the ghats for the most part, away from ~~the~~ civilization, and the travelling extraordinarily difficult the Government consider that Mr. Donaghey may be permitted to draw daily allowance at Rs.10 per diem and mileage at double the ordinary rates. I am accordingly directed to request that the Government of India be pleased to sanction the proposal.

Your T.M. dated 6" regarding establishment required for Spl. Dy. Collector for Mysore — S. Kanara Settlement.

The boundary is to be laid down by a Survey of India officer, who presumably will have his own surveyor or traverser. It is not likely that he will allow a Madras surveyor or traverser to lay down the lines. It is not understood why a surveyor or traverser is necessary. Have you any objection to the employment of the ranger only, without the surveyor or traverser? If the ranger agreed to presumably 6 peons will be sufficient

Your telephonic message of date regarding Mysore-South Kanara boundary settlement establishment. The Collector wanted a traverser as well. A copy of his letter is being furnished to you. A traverser who knows the local conditions may be useful both to the Special officer and the Survey of India officer. If, however, a ranger alone is considered sufficient 6 peons will be enough.

Copy of letter from M.R.Ry Rai Bahadur U.Rama Rao Avargal, B.A., Collector of South Kanara, Ref. Sup. No.746/ F 20-1 dated 23rd December 1920:-

I have the honour to submit the following report in amplification of the telegram despatched this day. From the reference quoted above it will be clear that the whole length of the boundary (about 120 miles) has to be gone over and the imperfections in the description and demarcation

demarcation of the boundary settled finally and the line itself demarcated.

2. For a similar purpose excluding demarcation the following establishment was sanctioned in B.P. No.3644 Mis., dated 27th October 1911:-

A traverser on Rs.60

12 Khalassies on Rs.10 each

1 clerk on Rs.35

4 peons on Rs.8 each

with travelling allowance at double the ordinary rate.

3. Since the conditions of life have changed considerably since 1911, I have proposed after consulting Mr.Raman Nayar as directed by the Board, the following establishment which I consider essential:-

(a) One Ranger on Rs.80

(b) One traverser on Rs.80

(c) One clerk on Rs.50

(d) 8 peons on Rs.12 each

The pay proposed is exclusive of the temporary additions to pay. The staff will be required for 2 seasons of 4½ months or 9 months.

The Ranger is intended to carry on demarcation of the line which will be decided by the Survey officer and the representatives of the two Governments.

The traverser will have to survey and make a map of the bits settled and he will have to be requisitioned from the Survey Department. The clerk is for the special officer appointed and I consider that anything below Rs.50 will not be sufficiently attractive to efficient men who will have to work in uncongenial localities.

Out of the 8 peons two will be personal peons under the Special officer,2 under the Ranger and the remaining 4 will be under the traverser.

If on a reference to the Director of Survey it is found that 4 peons are insufficient for the traverser, sanction for the additional men will be applied for.

P 15 CF

(2) to allow the establishment the travelling allowance at double the rate prescribed in para 1 c iii 1140 of the Madras Supplement to C.S.R. for journeys in the South Kanara district may do not seem to call for remarks and may, it is submitted, be approved

P 17 CF

2 In his reference dy 14-2-21 Mr. Donaghey states that information regarding the pay of the establishment sanctioned from the Treasury of India is awaited and that it will be intimated later on. Submitted that the file may lie over till its receipt.

18/2/21

The original intention appears to be that the dep Collr should have two peons and the Surveyor four peons or Lascars As the Survey Officer is bringing his own surveyor and lascars the appointment of Surveyor by this Govt has been cancelled with the cancellation of the Surveyor's appointment the appointment of the four peons or Lascars should also have been cancelled but this was not done. The Board at the instance of the Collector now proposes to reduce the

four peons and Lascars to two peons and employ them under the Dep Collr in addition to the two already sanctioned thus giving him four peons. There will be no need for Lascars because the Survey officers is bringing his own men. (11 Lascars and three peons). So the question is whether the Dep Collr should have four peons or two will do. The Board and the Collr seem to consider that four are necessary in view of the peculiar nature of the work. The proposal may be sanctioned. The proposal to raise their pay to Rs 15 without any temporary allowance may also be sanctioned. The Board also recommend double for these peons double travelling allowance at double the South Kanara rates and cites G.O. 3114 Rev 18-10-11 as a precedent. The A-G. rightly points out that in this G.O the peons were allowed not double the S. Kanara rates which are higher themselves double only the ordinary rates but double the ordinary rates. The ordinary rates are Double the S.K. rates would amount to one rupee which is the maximum admissible under the rules. One rupee a day for peons seem excessive. 25 P.C over and above the S Kanara rates will probably be do. Finance may be consulted.

R7/8/- daily allowance. Double the amount will be R15/- We do not know whether he draws any special mileage rates for journeys with tax Khot tents.

Yours

I don't know why the Survey of India Officer only recommends half rates for his menial establishment: possibly the reason is that they may not get batta at all in ordinary tracts. As he asks for only half there seems no reason why we should go beyond his recommendation.

Para 2(ii) page 19 C

p. 19 C

The points for others therefore seem to be

(1) The strength of staff (menial) under our Officer. We may agree that the Deputy Collector should only have two peons, that they should be paid Rs 15 per mensem & be allowed 12 annas a day batta.

(2) The batta for the superior Officers (i.e. Survey of India and his survey Officer, one Deputy Collector & his clerk,) may be double.

4) Given in G.O. 1637 M: 18.2.21 (M)

5) revised (X) 50 the ordinary rates whether mileage or daily allowance. There is not I presume likely to be much oppos of drawing mileage.

Please see the Finance Dept's note on pages 25-26 above. The only point for orders is about the grant of to the Survey of India officer of the allowances claimed. Pages 25-26 above The Finance Dept. State that the proposal to grant him double the rate of mileage and daily allowance - Rs 2 with tents, Rs 1-8 without tents and Rs 15 - requires the sanction of the Govt. of India as the grant exceeds the sanctioning powers of this Govt. - Rs 1 with tents, Annas 12 without tents and Rs 10. They also state that the A.G. might be consulted in the first instance. Orders are solicited.

(It may be observed that the whole establishment has been disbanded from 12th May and as at present arranged it is proposed to resume work by November next.)

To [redacted] Secretary.

The file relates to the establishment employ--ed on the settlement of the Mysore South Kanara -- boundary and to the rate of travelling and daily allowance to be paid to them.

2. With the concurrence of the Mysore Darbar the Government decided to have the boundary line settl--ed by an officer of the Survey of India Party assist--ed by representatives of both Governments.

The Survey of India deputed Mr. Donaghey, deputy superintendent of Survey of India and the Madras Government deputed Mr. Raman Nair as the British representative while Mysore Government appointed Mr. T.Hanumantha Rao as their representative.

3. In G.O.No.8, dated 3-1-1921 the Government sanctioned the employment of the following establishment in connection with the settlement of the Mysore South Kanara boundary.

One surveyor on Rs.60 per mensem.
One clerk on Rs.50 per mensem.
Two peons on Rs.12 each per mensem.
Four coolies or peons on Rs.12 each per mensem.

In his reference dated 10-1-21 Mr. Donaghey, the Survey of India Officer stated that the following establishment would be necessary for the Madras representative and for himself and requested sanction for the employment of the establishment.

1 first class surveyor. 3 peons. 11 menials or khalasis.	A. For Mr.Donaghey.
1 clerk. 2 peons. 4 coolies or peons.	B. For the Madras representative.

Mr. Donaghey said he would be bringing his own staff (surveyor and menials marked A above) and proposed rates as per statement at p.21 c.f. The rates were approved and orders communicated to him by telegram. p 24 c.f.

As the surveyor was to be brought from the Survey of India staff this Government cancelled the appointment of a surveyor locally. In view of this the Collector of South Kanara reported that 4 coolies were not required and that two additional peons might be sanctioned for the deputy collector. The Board agreed with him and also stated that the pay of the peons might be fixed at Rs.15 each per mensem. The Board's proposals except the employment of the two additional peons under the deputy collector were agreed to but orders have not yet been communicated.. p 6 c.f. page 14-15 c.f. page 16-17 c.f.

The Board of Revenue proposed that the establishment under the Madras representative should be allowed to draw travelling allowance at double the rate prescribed in para.1 c iii 1140 of the Madras Supplement to C.S.R. The Survey of India Officer recommended that the establishment employed under him should be paid at the following rates:-- page 15 c.f. p 273.

(1) For the surveyor and for the special officer at double the ordinary rates. p. 19 c.f.

(2) For the menials daily rates at half the rates as may be sanctioned for the menial establishment attached to the Madras representative.

It was finally decided to sanction the travelling allowance at the rates shown below:--

	Mileage rates with tents	Mileage rates without tents.	Daily allowance.	
1 clerk on Rs.50.	..	0-6-0.	1-8-0.	Establishment und Madras representa
peons.	..	0-4-0.	0-12-0.	
1 officer in charge Survey of India Deptt.	2-0-0.	1-8-0.	10-0-0.	p 25 ante
1 1st class surveyor.	..	0-6-0	1-8-0.	
peons, khalasis	..	0-2-0	0-6-0.	ibid

59 34 59

As the grant to Mr.Donaghey of the daily alloance of Rs.10 and mileage at double the ordinary rates required the sanction of the Govt.of India. their sa tion was sought for and it has now been received.

vide A.G.'s letter pp 20-21 C.F.
pages 22-24 C.F.

4. Orders have now to issue on the following points:--

(i) The number of peons for the Madras representative.

(ii) Their pay.

(iii) The travelling allowance of the whole establishment including Mr.Donaghey and his staff.

As regards (i) it is now too late to issue orders as the whole ~~property~~ party has been disbanded, the work for the session having been cpmpleted. Work will be recommenced from about December 1921 but it is not known what staff will then be necessary.

As regards (ii) it has been ascertained from the A.G's office that 4 peons were entertained and paid at the rate of Rs.12. As the reduction contemplated by us could not be effected there seems to be no need to pay them at the enhanced rate of Rs.15. Owing to the large number the peons must have had an easy time of it.

2 peons.

As regards (iii) orders may now issue.

under the Madras Representative is submitted for approval.

2. As a clerk on Rs 50 p.m was sanctioned before 5 years and as clerks drawing Rs 40 and above up to Rs 60 were graded in the Scale Rs 60-4-80. it is proposed to fix the Sanction a clerk in the Scale Rs 60-4-80. It will be left to the Collector to depute any clerk for the work Thus the clerk so deputed will draw his grade pay in the time Scale.

3. The pay of the peons may be fixed at Rs 15/- in the 12-18 Scale.

The Draft order may be sent to Finance Dept for acceptance.
